19	Mojave Desert	124,000 km ²	United States
20	Namib Desert	81,000 km ²	Namibia
21	Lut Desert	52,000 km ²	Iran

By the scientific definition (very little rain or snow) the Antarctic Desert and the Arctic Desert are the largest deserts on Earth; they are not in this list or the quiz.

Areas, countries and continents from the Wikipedia list of deserts by area (mostly CIA World Factbook figures), checked against Wikidata and each desert's article. Where a desert ends is a matter of definition, so areas are approximate. Countries are listed where both sources agree.

Quiz: circle the right answer

1. On which continent is the Sonoran Desert?

- a) South America b) North America c) Asia d) Africa

2. Which country is part of the Danakil Desert?

- a) Gabon b) Djibouti c) Lesotho d) Kenya
